***By fax: (07) 3367 3557***

Dear Anthony,

On behalf of Vern Hughes, thank you for your fax of 16 July seeking copies of two discussion papers that have arisen out of the Federation's *Co-operative Opportunities Project*.

I will post you a copy each of *Co-operative Opportunities in Local Government Restructuring* and *Co-operative Opportunities in the Electricity Industry*. We are happy for you to copy the papers and distribute to your council and to other organisations and persons who may be interested in the topics. There is no charge for the papers.

We are interested in finding out about your organisation and of your links to the Co-operative Enterprise Project in NSW. The Federation is open to new ideas and collaboration with organisations designed to foster co-operatives.

You may have already sent information about the council to Vern at his home address. If so, I would be grateful if you could also forward me the information. In return, I will enclose information about the Federation with the discussion papers.

With kind regards,

Tony Gill  
**Secretary**
